Burner Alignment System

Refractory and kiln bricking - code ie-burner-alignment-system

Describe It to Your Customers

Burner Alignment System is part of the refractory and kiln bricking range on Musika, supplied from South Africa and delivered across Southern Africa. Refractory lining protects kilns and furnaces from heat that destroys ordinary materials.Buying tip: Match the brick grade to the temperature and chemistry, plan shapes for the lining, and order per shutdown.Suited to industry, foundries and kiln operators. Ask for a quote and you see the full landed cost for your town before paying; Musika holds the payment until delivery is confirmed.
